On behalf of the businesses of DTK, we would like to send out a monumental thank you to all those who continue to support this inspiring publication. Contributors from all over our community have created another heartfelt magazine that continues to strengthen a bond that makes Downtown Kitchener one of a kind.

The countless hours and endless dedication from the Own It team has materialized this vision. We are grateful to have such a creative, driven, positive team and an extraordinary group of community members. You came together and proved that this is an authentic, caring and collaborative community!

Congratulations on the third awesome edition!

Linda Jutzi, Executive Director
Downtown Kitchener BIA
